

# Attention Internet customers!

**Butler-Bremer's NETSpeed service offers you super fast Internet at a very affordable price:**

## **NETSpeed 1 MEG : \$45/month**

*We also offer faster 1.5 MEG and 2 MEG speeds — just call for details.*

*If you are a current BEVCOMM High Speed Internet customer, you currently have one of three services:*

- 128K Easy Start DSL for \$29.95/month
- 500K Express DSL for \$39.95/month
- 2 MEG Express DSL for \$49.95/month

You are welcome to keep the services you have and continue paying the same price you pay now. However, we encourage all High Speed Internet customers to switch to our NETSpeed 1 MEG High Speed Internet service. It's just \$45 a month, so BEVCOMM 500K Express DSL customers get twice the download speed for just \$5 more!

And, if you bundle our NETSpeed Internet service with your phone services, you can save \$14.25 a month off our standard rates!

If we don't hear from you, we assume you would like to keep your current Internet service. If you'd like to switch to NETSpeed 1 MEG or if you'd like to combine your services in a package to save money, please give us a call at 276-4458. ■

## Do I have to change my e-mail address?

If you are a current BEVCOMM Internet customer, you will be required to change the last part of your e-mail address from "@netINS.net" to "@butler-bremer.com." We will contact you soon with instructions on how to do this easily.

Your "netINS.net" e-mail address will continue to work for 30 days. If you wish to keep your current e-mail address after the initial 30 days, you may do so for an additional \$5 a month. Watch your mail and your inbox for more information on changing your e-mail address — coming soon! ■

## Businesses can save hundreds with NETSpeed!

As a BEVCOMM Business Internet customer, you are paying \$39.95 for 128K download speeds, \$55.95 for 500K download speeds, and \$99.95 for 2 MEG download speeds.

With NETSpeed 1 MEG, you can pay \$10.95 a month LESS for your Internet service while doubling your download speed, because NETSpeed 1 MEG is just \$45 a month for residents AND businesses. Or, if you need more speed, try our NETSpeed 1.5 MEG for \$75 a month, or 2 MEG for \$95 a month! If you'd like to switch to NETSpeed, give us a call. We'll be happy to get you on the road to savings! ■

Hi, I'm Richard McBurney, General Manager of Butler-Bremer Communications. You may already know that Butler-Bremer Communications will now be providing your phone and Internet services in Shell Rock (instead of BEVCOMM). We are very excited about providing your services, and think you will be too. So we can get to know each other better, I'd like to tell you a little about our company.

Butler-Bremer Communications is a local company that's been providing phone service to communities in our area for the last 100 years. Headquartered in Plainfield, we now provide a complete package of Phone, Long Distance, Internet, Cable TV and i wireless services to customers in Plainfield, Clarksville, Frederika, Tripoli and Nashua.

Our philosophy is to offer top quality products and services, provide exceptional local customer service, support the communities we serve, and charge affordable rates. In fact, we are already hard at work upgrading the technology in your area so we can improve the quality of your services — and so we can provide you with Cable TV service in Shell Rock in the future.

We also offer our customers the opportunity to combine their services for big savings — so make sure you check out our money-saving packages on page 3. To learn more about our rates, how to save with a package, or how to reach us, we encourage you to browse through the next few pages. There's a lot of great information that will probably answer most of your questions. But if it doesn't please feel free to call us, or stop by the local office in Shell Rock or our headquarters in Plainfield. We look forward to serving you and your family and providing you with great services at affordable prices.

## Information about your Butler-Bremer phone service

When Butler-Bremer Communications officially takes over your phone service from BEVCOMM around December 10th (the official date is subject to regulatory approval), the transition will be seamless. There will be no interruption in your service, and you probably won't notice any difference. You will continue receiving, and being billed for, all the services you currently have from BEVCOMM. However, we cannot bill you for your long distance service unless you select Butler-Bremer Communications as your long distance provider. For the most convenience, we encourage you to fill out the PIC Change Form below so you can receive your long distance service on the same bill with your other Butler-Bremer services.

Once you receive your first Butler-Bremer Communications phone bill you may possibly notice a slight difference in rates. Our rates for some of the most popular calling features are significantly less expensive than BEVCOMM's rates. For example, Caller ID is \$1.00 less per month than you are paying with BEVCOMM. Our Voice Mail service is \$4.00 a month, while BEVCOMM's Voice Mail rates vary from \$5.95 per month to \$18.95 per month depending on your plan.

For a list of telephone rates, and rates for some of our most popular calling features, see below. If you have any questions, or for rates on any of the features not listed here, please give us a call! ■

Butler-Bremer 2007 Phone Rates	
<b>Unlimited Local Phone Service</b>	
Residential	\$12.00
Business	\$18.00
<b>Long Distance</b>	
Choose the CONNECTED package:	12¢ per minute 60 minutes INCLUDED!
*Voice Mail	\$4.00
*Caller ID (name & number)	\$4.00

*\*These features are included in our CONNECTED Package.*

## Good news for long distance customers!

If you are a residential BEVCOMM long distance customer, you are currently paying 12.9¢ per minute for your long distance calls. Butler-Bremer Communications' long distance rate is only 12¢ per minute — so you save nearly a penny a minute!

To take advantage of our lower long distance rate, simply sign the form below, and mail it, or fax it to 276-7530. Or, you may fill out the "PIC Change Form" online at our web site [www.butler-bremer.com](http://www.butler-bremer.com).

To save the most on your long distance calling while easily managing your budget, choose our CONNECTED Package. It includes 60

minutes of long distance (100 minutes for businesses) in the package price. And additional minutes are just 10¢ per minute! Simply fill out the package form on page 3 to sign-up. ■

### Call more areas for FREE!

Once we upgrade the telephone equipment in Shell Rock (within the next 30 days), you will no longer have to pay long distance for calls to Plainfield, Clarksville, Frederika and Tripoli. Calls to any of these four areas will be FREE! Happy calling!

## Pay it your way | Now you can pay your bill with a credit card right on our website!

If you're tired of writing checks, licking envelopes and paying for postage every month, we've got a better solution. Now you can pay your Butler-Bremer Communications bill by credit card, by automatic draft — even online!

If you would like to pay your Butler-Bremer bill by credit card, you can call us with your credit card number, or simply go to our website at [www.butler-bremer.com](http://www.butler-bremer.com), click the "pay your bill online" button, login, and pay with any major credit card. It's that easy!

Or, if you'd rather not worry about writing a check every month but would like to continue paying your bill out of your checking account, we can quickly and easily set-up an automatic bank draft every month. You still review your bill each month for accuracy, and we draft your account for the amount. You never even have to write a check!

If you are interested in paying by automatic draft or a credit card, please call our office at 276-4458 and we'll get you set-up right away! ■
